## **An Alternative to Expensive Perforated Jewel Case Back Panel Inserts**

- Simply print and cut out your tray card
- Lay the printed side face down in the template
- Follow the creasing groove for the right tab then crease the left tab
- Fold tabs at the creases and drop in the CD/DVD tray.

Includes folding groove to fold front panel inserts for slim-line CD cases.

Works with any Tray Insert printing program such as Microsoft Word® Templates, Avery®, and Neato® label generating software.
